

**mna** disaster response

## SHEETROCKERS NEEDED!

The work on the new MNA Disaster Response warehouse is continuing as we convert a furniture showroom to a full fledged disaster response warehouse. The studs are up and now we are ready for sheetrock teams.

If you are experienced in sheetrock work and would be willing to put together a team and come work on the warehouse, please register as a disaster response volunteer and then contact Sherry Lanier at [slanier@pcanet.org](mailto:slanier@pcanet.org) to get scheduled to serve!
